When you have your portrait taken you naturally want a GOOD one; to ensure this you must go to a place where not only the best appliances and artistic skill are to be found, but where also TIME can be taken to study your features, get their most pleasing expression, the most suitable light and graceful pose.
If the photographer lowers his prices too much he cannot take the necessary time to do his work well, but must run his customers through like sheep, trusting to the NUMBER to make his profit.
A sensible person will beware of such and prefer to go where fair prices are charged and every care taken to ensure the work turning out satisfactorily; such is the case at the "Gran Fotografia Platense" whose customers never having been driven away by excessively high prices, do not require to be lured back by catchpenny reductions.

TRADE OF URUGUAY.

We hear so much of the depression of trade at Montevideo that it will be interesting to compare the imports and exports of the Republic of Uruguay with those of Argentina, reduced to gold dollars of 43 pence—

March quarter 1892	Argentina $gold	Uruguay $gold
Groceries....	5,300,000	1,990,000
Dry goods....	7,400,000	1,300,000
Hardware....	2,560,000	1,150,000
Sundries.....	3,590,000	660,000
Total.....	18,850,000	5,100,000

As the population of Argentina is exactly 5 times that of Uruguay we find that the import trade of the latter country is comparatively much more brisk, averaging 6$40 cents per inhabitant for the quarter, against 4$70 cents in Argentina.

The export trade for the same period compares as follows:—

	Argentina $gold	Uruguay $gold
Rural products..	32,330,000	8,820,000
Sundries.....	2,140,000	100,000
Total.....	34,470,000	8,920,000

The average here is 11$ per head in Uruguay, against 8$ 60 cents in Argentina. Thus the total trade is equal to 17$ 40 cents per head in Uruguay, against 13$ 30 cents in Argentina.

We must conclude that, however the small retail trade of Montevideo may be affected by the crisis, the commerce of Uruguay is on a sound footing. If the people of Montevideo stand firm against issue of shinplasters, and stick to hard money, there cannot be the least doubt that the vital forces of Uruguay will soon restore a prosperous condition of things.

AMATEUR DRAMATIC CLUB.

The third public performance of this talented and esteemed association will take place at the Teatro de la Opera on Monday evening, 16th inst. The first piece will be Brough's one-act farce "Round the Corner" in which Messrs Corry-Smith and Herbert Hemans will support the two characters of the play. The second, M. de Banvil's one-act drama of Gringoire, has the scene laid at Tours, in the 14th century, Mr. Woolley playing Louis XI, Mrs Oyler Dame Nicole, and Mr. H. Kinch Gringoire. The Morning Call will bring out the dramatic talents of Miss Anderson and Mr. H. Morgan. In fact a more attractive "menu" could with difficulty be provided for the evening's entertainment.

The Dramatic Club is further to be congratulated on having secured so fine a theatre for the occasion, and we learn that the furniture and decorations are kindly lent by the Exposicion Inglesa (634 Cuyo.) We had almost omitted to mention that Mr. Fairfield Magrane will sing the Serenade in Gringoire, and that the Amateur Orchestra, under Mr. H. G. Welby, will perform pieces from Norma and Pirates of Penzance.

The performance, we may add, has a purely benevolent purpose; the proceeds, after paying for the theatre, will be divided between the Benevolent Society and the Irish Boys' Orphanage. The former is at present in need of clothing for distressed persons at the approach of winter, and as for the Boys' Orphanage we understand that the Committee of Ladies has arranged to enlarge it, the institution having completed its first year with a good balance of cash on hand.

Apart, however, from the generous purpose of the Dramatic Club the occasion promises to be one of signal enjoyment. All the fashion and beauty of our community will make a grand muster on Monday night at the Opera House. The owners of private boxes have ceded them for the night. In order to prevent delay or disappointment those persons wanting a good seat should apply betimes, to-day or Monday, for tickets.

RIVER PLATE AFFAIRS.

London, 16th April.

A special meeting of the creditors of the English Bank of the River Plate was held on Wednesday to approve of the scheme for the sale of the assets of the Bank to a new Company. Mr. Thomas Welton, the official liquidator, presided, and at his request Mr. T. Greenwood, Chairman of the Committee of creditors, moved the adoption of the scheme, which proposed the formation of a new Company, called the English Company of the River Plate, for the purchase of the assets of the Bank, with the view of paying off the creditors in full in the next ten years. He pointed out that the scheme provided that every creditor should receive his money in due course, with 4 per cent interest for the first seven years, as there were some assets that would take more than seven years to realise. The Committee were unanimous in approving of the whole scheme. The Chairman stated that proxies had been received from 1,100 creditors in favour of the scheme, and not one against it. After some discussion the motion was agreed to unanimously.

In pursuance of the resolution passed at the general meeting of the Buenos Ayres Ensenada Bondholders Loan, they are requested to deposit their Bonds with Messrs. Robarts, Lubbock and Co., 15, Lombard-street, the bankers of the Corporation of Foreign Bondholders, for the purpose of giving to the Council and Bondholders' Committee power of direct representation of their interests. No cash payment is required on deposit, power being taken, in the event of the expenses not being otherwise received, to rateably assess the deposited Securities up to 1 per cent of the nominal face value of the deposited Bonds. Certificates to bearer will be issued in place of the deposited Bonds, and application will be duly made for a quotation on the Stock Exchange for such certificates.

The general meeting of the City of Buenos Ayres Tramways Company was held on Monday under the presidency of Mr. B. Isaacs. In moving the usual resolution for the adoption of the Report, the Chairman said that the disastrous results of the year's working were attributable to two causes. In the first instance the high price of fodder had told upon their revenue; but the main cause of their difficulties was the action of the municipal authorities. The matter was before the Court of Appeal. For a return to prosperity they were dependent upon the gold premium and the vindication of their right to raise their fares. The motion, after a discussion, was adopted.

The Report of the Directors of the Buenos Ayres and Rosario Railway Company to be presented at the general meeting on Thursday, the 21st April, says:—

"The net receipts amount to £196,600; add balance from 1890 and interest on reserve fund, making £231,000. From this must be deducted:—Interest on debenture stock, £111,000; dividends on preference, £349,000; less interest during construction, £118,000; leaving a balance of £91 to be carried forward. It will be seen that it has been necessary to transfer £1,000 from reserve fund, and that the result thus obtained does not enable the directors to declare any dividend for the past year on the £1,255,000 ordinary stock of the company, which they much regret. The long-continued state of commercial and financial depression in the Argentine Republic has caused a serious falling-off in the gross receipts of the railway. This decrease has to some extent arisen from the further depreciation in the value of the currency which has averaged 1s. 1d. per dollar during the year 1891, as against 1s. 7d. for the year 1890. The tariffs have been raised from time to time, but it has been found impossible to increase them to the full extent of the company's powers without seriously affecting the traffic. It is, however, satisfactory to find that economies have been effected in working, which have resulted in a reduction in the expenditure of £90,900, or 20 per cent. At the same time it should be pointed out that this result has been partly attained by charging only a nominal amount (£286) for the maintenance fund, against £26,000 charged for that fund in the expenses for 1890."

A general meeting of the Uruguay Northern Railway Company took place on Tuesday to consider a special resolution modifying and compromising the rights of the stockholders by the reduction of the interest upon the Stock to 3½ per cent per annum in lieu of 5 per cent per annum. Mr. Underdown, Q.C., presided, and explained the circumstances under which the guaranteed interest had been reduced by the Uruguayan Government. The matter had been fully discussed, and it was thought that the arrangement proposed was a fair one to all parties. The interest, it was therefore proposed, should be reduced from January 1st last from 5 per cent to 3½ per cent "until the Company "shall have repaid to the Uruguayan "Government all sums received from "the Government for guaranteed interest, and upon such repayment being "made the interest on the Debenture "Stock shall be increased to the original rate of 5 per cent per annum." Mr. Kennedy moved that the amount proposed to be used as a sinking-fund should be used for increasing the interest on the Debenture Stock. Eventually this proposal was embodied in the original resolution, which was then agreed to.

Mr. Underdown again presided later in the day at an extraordinary general meeting of the members of the Company. The following resolution was adopted:—"That the Directors be authorised to make arrangements on behalf of the Company with the Republic of Uruguay for the composition and modifications of the liabilities of the State in respect of the guarantee of interest under the concession of the Railway, and to enter into a convention with the Uruguayan Government in the terms of a draft convention, a print of which had been signed by the Chairman for identification, with such modifications and additions as the Board might consider expedient."

A meeting of the Midland Uruguay Railway Company was held on Monday under the presidency of Mr. Mott, to consider the scheme of arrangement, whereby the payment of the guarantee of the Uruguayan Government on the Company's Railway was fixed at the rate of 3½ per cent per annum on the capitalisation of £5,000 per kilometre. The Chairman explained that the meeting had been called in consequence of an act of repudiation on the part of the Uruguayan Government of the solemn obligation they had undertaken, and upon which the Company's money had been raised and spent; and he regretted that this action should have been rendered possible by the assistance of many large financial houses to the scheme, who had not considered its effect upon the Company as Railway share and Debenture holders. They were face to face with the fact that that arrangement had practically passed into law, although it had not yet been accepted by the Company. The amount payable by the Government under the guarantee was rather more than sufficient to pay 4 per cent. upon the Debentures, but there were contingencies which reduced it to 4 per cent. They could not, however, conceal from themselves the fact that the shareholders, on the other side, if they had no rights, possessed considerable power, which must be taken into consideration in any settlement that may be arrived at. The question therefore arose as to what would be a fair "quid pro quo" for the reduction under the new scheme by 2 per cent. of the Debenture interest, and it was thought that the holders of these Debentures might take that amount in Ordinary Shares. The Directors, however, had no objection, if it was the wish of the meeting, to drop the scheme, and to agree to the appointment of a Committee. Mr. Boulter moved that a Committee should be appointed to confer with the Board as to the proposed scheme, and to report to a future meeting. After a long discussion, this was agreed to.

The Central Uruguay Eastern Extension Railway report for the half-year ended Dec. 31 says:—

"After providing for debenture interest, the net revenue account to Dec. 31, 1891, including the profits of working the sections opened for traffic, interest due and received from the contractors, and the proceeds of the sale of the bonds received from the Government, shows a balance of £24,000, out of which the board have decided to make a payment of 6s. 9d. per share on the share capital of the company, carrying forward a balance of £400."

The Central Uruguay Northern Extension Railway report for the half-year ended Dec. 31 says:—

"The board are pleased to report that the construction of the railway has been completed throughout, the last two sections from Tacuarembo to Rivera having been opened for public traffic, with the approval of the Government, on the 4th February last. The line and works have been finished within the time accorded by the concession, and within the limits of the authorised capital; and Mr. Wingate, the resident engineer of the Company, has certified that the contract for construction has been carried out to his entire satisfaction.

"Writing under date Feb. 9, Mr. Henderson, the actual general manager, says:—'Stocks of merchandise in the country districts have become reduced during the crisis to an unheard-of extent, and it is the opinion of leading merchants here that we may look for a revival of trade, which will give an all-round improvement, and in which our railway will naturally participate to a large extent. I will only add that the debt conversion scheme of the Government and the rearrangement of railway guarantees will be a great help to the country.'

"The arrangements for an adjustment of accounts with the Government and a modification of the terms and conditions of the guarantee, as approved by the shareholders of this company in September last, have been completed, and the Government have paid the arrears of guarantee to the 31st December, 1891, in bonds of the Consolidated Debt of Uruguay. After providing for debenture interest, the net revenue account to the 31st Dec., 1891, including the profits of working the sections opened for traffic, interest due and received from the contractors, and proceeds of the sale of the bonds received from the Government, shows a balance of £29,000, out of which the board have decided to make a payment of 6s. 9d. per share on the share capital of the company; carrying forward a balance of £1,100."

PROVINCIAL NEWS.

We note in an Entre Rios exchange some allusions to the great agricultural future of the Mesopotamia of the Plate. Anyone who has visited Entre Rios must have observed the great progress of agriculture, particularly in vine culture. The day will come when the province of Entre Rios will be one vast vineyard, the soil and climate being specially suited for the growth of the vine. There are already numerous vineyards, all paying well, which were started more as experiments than as a regular business. These trials have proved successful beyond all expectation, and the grapes grown near Concordia fetch much higher prices than the Mendoza or San Juan grapes. The best grape in Concordia is the Lorda, imported about 20 years ago by an enterprising Basque. A very good wine is made from the Lorda grape. The success of the vineyards in Entre Rios may be gauged from the fact that one small vineyard in the neighbourhood of Concordia is said to have given in one year a net profit of $58,000. We may here mention that there is at present in Entre Rios a Government colony covering 18 square leagues, which is almost entirely under vines. Entre Rios, of course, has not yet overtaken Mendoza and San Juan, where vine culture is au industry of long standing, but proportionately the Mesopotamia of the Plate has made much more rapid progress.

A Rosario exchange reports a big contract for the supply of "quebracho" posts, no less than 130,000, which will be cut in the woods of Santiago and Tucuman. This industry is beginning to advance rapidly.

The go-ahead and energetic settlers of Esperanza, the first colony founded in Santa Fé, are at present engaged in getting up a propaganda for the raising of the state of siege—not that they wish to conspire at their ease or anything of that sort. Their idea is to hold monster meetings in every town and village in the province to protest against the grain tax, and against the Provincial Government for disobeying the order of the Court suspending the tax. There is a deal of energy in these hard working settlers, who object to being fleeced in an illegal way. The Santa Fé Government will have a "mauvais quart d'heure" when the state of siege is raised.

The *Capital* of Rosario says that 80,000 tons of wheat have been exported from that port to Europe. This compares with 88,000 tons exported in the first quarter of 1891. Exports this year are slow for a variety of reasons. It is estimated that about 50 per cent of the Santa Fé crop has already been exported. The crop this year has been greater than last year's, but exports are not so brisk as expected. The principal difficulty is an ordinary one. Buyers do not wish to pay the prices demanded by the settlers. In the meantime, orders from Europe pour in, and under the pressure of these orders buyers will have to act quickly.

LATEST FROM RIO.

Rio, April 26th.

Brazili will ask for 6,000 square metres of space at the Chicago exhibition.

On the 23rd the police arrested a man who was in possession of a "raised" stock certificate of the Banco da Republica. The original was for one ('um') share, but some clever scamp by a few pen strokes changed it into 1,000 ('mil'). The man arrested appears to have been the unwilling tool of more intelligent thieves, whom, it is to be hoped, the police will secure by his assistance.

The Brazilian special mission to Washington, according to a local journal, will be composed of Barao de Aguiar de Andrade, at present Brazilian Minister in Rome, Capt. J. Candido Guillobel, of the navy, and Col Dyonisio Cerqueira, of the army.

On the morning of the 21st Admiral Wandenkolk, Major Sebastiao Bandiera and Capt. Gentil Eloy de Figueiredo proceeded in the Alagoas to join their companions in banishment. It is said the Pernambuco will wait for them at Paraná.

The master of the Br. bark Mabel, which arrived here on the 18th, reported that, on March 6th, the captain jumped overboard and was drowned. All efforts to save the suicide were unavailing.

The election for Senator to represent the federal Municipality held on the 20th was a pure farce. There are about 28,000 electors registered in the Municipality and only about 3,600 votes were cast. Sr. Aristides da Silveira Lobo was elected by 2,149 votes, against 977 cast for Barao de Ladario.

A scheme for a pleasure trip around the world has been announced in the daily papers, the purpose being to leave here August 1st on a first-class steamer and to return July 31st, 1893. The schedule includes 47 ports of call and 100 subscribers are required. The fare, we are informed, is to be £1,000. In view of the prosperity now ruling here, this will of course be a mere detail. The ships will be under the command of Mr. Melville Hora, who is to be assisted by Mr. A. Wertheimer, manager, and Mr. R. F. Andrews, treasurer.

The Historical and Geographical Institute offers a gold medal to the author of the best biography of the late Emperor, Dom Pedro II. The biography may be written in Portuguese, Spanish, Italian, French, English, or German, and will be published at the cost of the Institute. Manuscripts must not be signed, but are to be accompanied by the names of the authors in sealed envelopes so marked as to provide for decision. The names of unsuccessful candidates will not be published, unless they so request, and the manuscripts must be delivered to the Institute by January 1st, 1893.

We are glad to say, that the death-rate from yellow-fever continues to steadily decrease, the deaths on the 23rd being only 6. Should the rains and cool weather continue we shall soon see the last of what has been one of the worst epidemics experienced in this city for many years.

A row between the national guards and police took place at the Sant 'Anna barracks on Sunday. Firearms were used and a number of individuals were wounded. It is ingenuously stated in the *Jornal* that a large number of national guards had to conceal themselves to escape being made victims.

President Floriano Peixoto issued decrees on the 21st. inst. granting amnesty to the revolutionists of Campanha, Vigosa and S. Paulo. In the preambles of these decrees he says that right to issue them is derived from the extraordinary powers conferred upon him by congress in the motions voted in the Senate and Chamber of Deputies on Jan. 21st.

We are glad to say that last week was quite up to the mark so far as holidays are concerned. Wednesday was an election day, devoted to St. Aristides, and all the public departments were closed. Even the Central railway refused to receive freights and 'encommendas'. The next day, Thursday, was a Comtist political holiday, devoted to St. Tiradentes, and all business was suspended. If this business goes on increasing as it is likely to do, we shall soon forget how to work.

Thirty-seven concessions for colonies of immigrants, representing 160,000 families and calling for 6,685,000 hectares of public lands, have been declared lapsed, the grantees failing to meet the provisions of the law.

For the first quarter of the present and of the last year the receipts at the Rio custom-house compare as follows:

	1892	1891
Importation....	19,928,770$	13,032,790$
Exportation....	1,553,843$	2,297,272$
Total.....	21,538,776$	15,437,743$
Internal revenue	3,632,582$	5,710,862$

The increase is in part due to an increase in duties and lower rates of exchange.

O Tempo on the 24th says the agreement between the Banco Emissor da Bahia and the Treasury was upon the following terms: The Treasury keeps the £225,000 in gold deposited by the bank paying for it at the exchange of 13½d. This deposit, representing 2,000,000$, will be substituted by 4,000,000$ in government bonds, against which the bank can only issue an equal amount of currency, and for every 1,000$ of future issue, the bank must deposit 1,000$ in government bonds. *Rio News.*

ENGLISH LITERARY SOCIETY.

On Wednesday evening the President, Reverend Pelham Ogle, delivered his inaugural lecture to about 40 members, Mr Pilling occupying the chair.

It had been announced that the subject of the lecture would be "Literature and Commerce," and Mr. Ogle said that he had not given the title to the lecture, but that his intention was to review the sphere of work of the Society and to raise questions as to the directions in which it might be extended.

He did not know the original intentions of the founders of the Society, but judging from the name given to it, their object, apparently, was to establish a kind of 'Republic of Letters', affording an opportunity to the members of crossing the barriers of class and social circles—a needed help, for the English are by nature less coherent than any other race, which characteristic is a testimony to the spirit of self-reliance which also distinguishes the race. The English Literary Society should therefore take care neither to claim nor deserve any 'social class brand', but should endeavour to secure the support of every class of English-speaking society. With this object in view, the Committee introduced last year the form of social gathering known as 'smoking concerts.' These proved successful, and it was therefore determined to renew them this season; and it was to be regretted that anything should have occurred to mar the pleasure of such meetings. He did not desire to raise any discussion as to the nature of a song sung at the recent concert, but he hoped that the Committee and the members would always, in the selection of songs, endeavour to avoid hurting the feelings of others. Some seemed to think that such frivolous amusements as smoking concerts were derogatory to the dignity of the Society, but he agreed with the well-known saying of Horace:—

Dum licet
Misce stultitiam consiliis brevem,
Dulce est desipere in loco.

which, freely translated, means that you should intermix with your debates a brief tomfoolery, for it is pleasant at times to give rein to mirth.

The Society has fairly maintained its literary character, and it is creditable to it that without any special support it has outridden the various social, political and financial storms that have wrecked so many English societies. The library is a representative one, but it should be made more so, for, though it is undoubtedly the best English library in South America, it is particularly deficient in classical literature. This defect might be remedied by the members themselves making donations of books to the library. A check should be placed on the acquisition of purely ephemeral or local literature, which, though interesting to individuals, involves an expenditure which would be more beneficial to the general body of members if applied to the purchase of standard works.

The Society should be regarded as something more than a Club or place for reading newspapers, smoking and gossiping; it should become a medium for the promotion of the study of the physical sciences, of the 'flora' and 'fauna', of the history and antiquities of the country, thus aiding young men, who at present are perhaps too exclusively devoted to commercial pursuits, to prepare themselves for higher positions in life.

To attain this object the lectures might be supplemented by an occasional 'conversazione', either in the Society's rooms or some more convenient place, a pleasant kind of social gathering of both sexes, for amusement as well as instruction.

The Society is English, in the broadest sense of the term, and it should set forth and make more widely known the definite character of the English-speaking races, the purity and strength of English literature and of the English system of education. Commerce is not antagonistic to Literature, for to attain success in the higher ranks of Commerce there is necessary a high order of intellect, a knowledge of men and manners, of the natural resources and of the history past and present of the various countries of the world.

The Chairman having invited discussion, Mr. Graham said that the Society should not aim too high. People come here to make money, for which purpose literary studies are of no assistance. They want to be amused when their work is done, and the Society is for them a Club, without the excitement of cards or drinking. The lectures should therefore have amusement as their chief object. The excursions organized by Mr. Spilsbury had been of much advantage by promoting good fellowship among the members. Mr. Hughes said that, for a man of business, too much learning is as dangerous as too little, and no amount of learning would gain promotion for an office clerk.

Mr. Monteith Drysdale expressed approval of the President's ideas. The existence of the Society is a protest against the degrading notion that the making of money is the supreme object of Englishmen in this country. Education gives its own reward in the elevation of the mind.

The Chairman, in proposing a vote of thanks to the lecturer, expressed the opinion that the objects of the Society had, on the whole, been well carried out, though he quite approved of efforts being made to extend its intellectual influences.—*Herald.*

ALBUM OF PARAGUAY.

The well-known house of Kraft has just issued a handsome album of 43 views of Paraguay. The first 7 relate to Asuncion and its buildings: then come three of the suburb of Trinidad.

The hotel of Itapé displays a long mud rancho with thatched roof. It was close to Itapé that 150 "Lincolnshire Farmers" died, from the combined effects of starvation, ague (chuco) and jiggers. The whole 800 would have died but for the St. Patrick's Society of Buenos Ayres, which bore the chief expense of bringing them to this city.

There is a view of Villa Rica, and several of the surrounding Sierras, which are little known, such is the dread of Indians in those parts. The market-place of Villa Rica is an animated picture, full of women in white. We should have liked to see a view of Capt. Hunter Davidson's hospitable mansion.

Picture 22 is a group of Paraguayans of an easy class in front of their picturesque farm-house; the women have pleasant faces and unrivalled figures, the latter the result of carrying everything on their heads, walking miles in this way.

There are 3 charming pictures of the Caaguazu forest, after which come various rivers and waterfalls. The village of Cayuga Indians reminds us of some villages of the Guato and other tribes in Matto Grosso. The foliage on the banks of the River Monday is superb; very few Europeans have penetrated so far into Paraguay as the artist who took this picture.

All the views are beautifully done in Phototype, at Mr. Kraft's studio, 1124 Calle Cuyo. The album is a pretty present for anyone to send home to England.

THE SMOKING CONCERT

Mr. Editor,

Gentlemen authors of the correspondence on this subject, it would seem as if each of you had secured a bottle of the smoke which abounded in the rooms at 732 Cuyo the other evening.

As for singers of "Ballyhooly"—exponents of the muse of Mr. R. Martin, they pant and strut their hour upon the stage—what odds? Respectable or else they gain applause from people who like them and from people for whom they are good enough.

As an Irishman I must say that I never liked "Ballyhooly." It is a libel upon the memory of Father Mathew, consequently a libel upon the memory of one who was the personification of all that is good and great in the Irish character. Yet I have seen "Ballyhooly" applauded by Irishmen who were treated to it by a gentlemanly youth in a dress coat in Dublin.

No accounting for tastes. I say nothing to those who applaud it, who can see in it anything to applaud. But I say this: It is false the statement that "Ballyhooly is popular with the Irish people."

Che Buono.

BILLS OF EXCHANGE.

Mr. Editor,

Allow me to remind "P. Tobi" that

"A man must serve his time to every trade
Save criticism—critics all are ready made,"

and like a good many other ready made articles, are occasionally neither useful nor ornamental.

As for "Almacen and Co." (funny man) I implore him, with tears in my eyes and a lump in my throat, to eschew liquid inspiration and to take the greatest care of his health; otherwise the STANDARD will lose a subscriber, as he is too clever to live long—not but what, in this instance, the STANDARD'S loss might be common sense's great gain.

Yours truly,
W. B. M.

RAILWAY ITEMS.

The manager of the Central Argentine Railway has asked Government to send an engineer to inspect the section just completed between Coronel Zelaya and Capilla del Señor.

The Board of Public Works have issued a report in regard to the San Cristobal-Tucuman Railway guarantee, about which there is some confusion. The Board endorse a report recently issued by the N. R. Board, advising the Government to pay the guarantee on the first section on condition that the section be completed in two or three months. As regards the question as to the date from which the 55 years of the contract must be counted, the Board state that the dates of the completion of the respective sections must be counted.

EDITOR'S TABLE.

The old story with Congress again yesterday. Neither House felt inclined to meet; and it is now doubtful whether the National Legislature will be able to begin public business on Monday.

Nothing is spoken of in English society except the Dramatic Club's performance on Monday night. The programme is so attractive, the talented amateurs are so well known, and the benevolent object in view evokes so much sympathy, that a brimming audience may be confidently anticipated.

We regret deeply that we cannot publish any more "Smoking Concert" literature. The subject has really been quite torn to tatters, and the public are clean sick of it. Start something fresh, gentlemen, and we're at your orders.

The captain of the river steamer Saturno caused a terrific pow-wow in the Post Office yesterday by refusing to deliver—till it jolly well pleased him—the mail bags he had on board, including those from Europe by the Britannia and Vittoria, the result being several hours' delay in the delivery of the mails in the city, and a whole day for those for the Interior. He has been fined $100; but we should say that $1000 would be nearer the proper mark.

Señora Eulalia Fernandez, the gifted prima-donna at the Doria Theatre, takes her benefit to-night in "Un Ballo en Maschera," in which she specially shines. We bespeak for her the bumper she so well deserves. The high class opera now given at the Doria Theatre at such cheap prices is quite equal to what is charged so highly for during the season in other theatres.

The Chilian Legation requests us to announce that those who have taken passage for Chile at No. 1600 Calle Artes must change their vouchers for tickets as follows: Numbers 1 to 200 on Monday, and from 200 upwards on Tuesday; and all must again present their papers and certificates.

There is already a boom in Mr. George Mackern's puzzle "La Cuestion Presidencia," price only 50 cents. It is capital fun for families during winter evenings, and will amuse old and young alike.

There was an ugly rumour in the air yesterday that the state of siege is likely to last for some time yet. The only consolation is that it cannot last for ever.

Ferrari's opera troupe arrived yesterday in the Vittoria, but will have to undergo ten days' quarantine. This will deprive the public of opera during the May fetes.

We received yesterday an interesting pamphlet on Sanitary Police, which is the thesis presented by Mr. William Mooney-Suffern, son of the well-known estanciero), who has just passed a brilliant examination as veterinary surgeon. We purpose in some future issue making some extracts from this pamphlet. Mr. Mooney-Suffern's address at present is Estacion Viñas, F.C.C.A.

Mr. J. Oldham jr. was welcomed yesterday. He left in the evening for Mendoza, where he goes to join Mr. Slater as assistant in superintending the construction of the new telegraph line across the Andes.

Those members of the B.A. and R.R. Athletic Club who take an active interest in Football (Association) are particularly requested to turn up this afternoon not later than 3 o'clock, for the purpose of playing practice matches.

In answer to J. M. W.'s query as to 'how is it that the Duke of Fife comes to be enumerated amongst the Irish Peerage' we frankly admit that we have not the remotest idea. The great-great-grandfather of the Heir Apparent's son-in-law was an attorney, and it was easy enough at that time (1759, the last year of the reign of George the Second) for such gentry to "boo mon, boo" (as Sir Pertinax Macsycophant advises) their way to title and fortune. A story is told of one of George the Third's friends who begged of him permission to drive his carriage up Constitution Hill, a privilege of Royalty at the time. The king replied "I cannot do that, but, if you like, I will make you an Irish peer."

We had a message from the sea—we mean from the Sun, yesterday, asking us, for the benefit of housewives in general and washerwomen in particular, to throw some more light on the subject of Sunlight Soap, as in referring to its merits as a toilet article the other day we omitted to mention its still greater powers in the wash-tub. All the scrubbing and beating and burning with potash of the old system of washing are done away with by the Sunlight: the clothes have only to be steeped in water, taken out, rubbed well with the soap, rolled up, thrown back into the water, left there for an hour, and the washing is done. Such is our message from the Sun.

We should feel obliged for an answer to the following note:—

DEAR STANDARD,

Having observed in your issue of to-day that a "Commercial Clerk's Club" is being formed, I beg to ask if you could kindly inform me as to the date on which the committee hold their meeting; also if junior clerks are allowed to join. In enlightning me on this subject you would greatly oblige.

A would-be-member.

Again Buenos Ayres has a first-class illustrated paper, and we hope it will be supported and not allowed to die for want of support, like the defunct "Sud Americano," also a first rate paper. "Buenos Ayres Ilustrado" is rather an illustrated monthly magazine than a paper, and as such, perhaps, has a better chance of success. The engravings are superb, the type and paper could not be surpassed in Europe, and ladies especially will like the diversified reading matter, including that "sine qua non" for them—the Fashions. We warmly congratulate the founder, Mr. Juan Carlos Martinez, and the Director and Editor, Messrs. Julian Martel and Jose L. Cantilo. The subscription is only $15 yearly, and the poorest family in town can afford that, even in crisis times.

Mr. Lewis Phillips's Carcarañá Sausages are the delicacy of the day. The Bolgona article is not "a circumstance" compared with them. They are turned out at the Cremeria del Carcarañá, and 374 Calle San Martin is the place to buy them. Insurance offices give reduced policies to persons who make it a practice to eat these sausages, as they are so nourishing and digestible that they prolong life to the dotage point. This is the reason why people dote on them.

Mr. Norman in his "Real Japan" has some amusing stories—one of an American Minister who thought the people "darned clever" because they greeted him with cries of "ohayo" (pronounced "O-hee-o"). "How the deuce did they known I was from Ohio?" In connection with this story *Spectator* is reminded of a worshipful Alderman who, sitting in State to hear, on some school speech-day, a Greek oration, bowed whenever he heard the equivalent for "nothing," which corresponded to his name.

We find our Montevidean exchanges to hand yesterday preternaturally dull, now that the Disunited Charities question is laid at rest. The defective postal service between the two cities still keeps our friends in the Uruguayan capital awake at night, and wrings strong words from their indignant lips. Our esteemed contemporary the *M. V. T.* seems to give it up as a hopelessly bad case and says:—"Once again no correspondence from Buenos Ayres on Wednesday, Monday and Saturday mornings. We suppose we must now reconcile ourselves to four deliveries a week for the rest of the season, two of those being on mornings when the correspondence is least wanted. This is a brilliant and creditable state of things."

In Rio and Santos they are crowing over the disappearance of yellow fever, but not taking any steps to prevent its breaking out afresh when the short winter comes to an end. How racy of the soil!

We are asked to call attention to the advertizement in another column offering employment and a comfortable home to either a "steady youth" or a middle-aged Scotchman. It is not stated whether the latter must be steady or unsteady; but our experience of middle-aged Scotchmen is that they are remarkably steady, with an exception now and then, just to prove the rule.

Messrs. Moore & Tudor, Maipu 163, B. Aires.
Chascomus, March 23rd 1891.
Dear Sirs—
"I have tried HAYWARD'S "PASTE" DIP on my Sheep, and have pleasure in bearing testimony to its EFFICACIOUS DIP. I need have no hesitation in recommending it generally as a Cure for Scab, without discolouring or damaging the Wool.
The "PASTE" is in my opinion preferable to the Powder, and will probably have a larger sale than the latter."
Yours very truly
(Signed)
JOHN KELLIE.
It has been proved by many important Estancieros that HAYWARD'S PASTE is more convenient to use than any other Dip, being already mixed and dissolving in any kind of water. It makes a smooth soapy bath which adheres well to the Fleece and leaves the wool clean and soft.

ON 'CHANGE.

Thursday, May 12th.

The speculative tide ebbed away slowly this morning in the gold market, and prices fell steadily and with irresistible force. About fifteen thousand ounces changed hands at the first ring: the price opened at $53.30, rose to 53.50, fell to 53.20, and closed at 53.30, say 227½% premium. Sovereigns were very dull; a few hundred were sold at 16.58 and 16.55, say 228¾ premium. The market closed heavy with a downward tendency.

Patriotic Bonds were weak this morning owing to rumours that the Government had changed its mind and would not reopen the subscription to the capital of the Banco de la Nacion. There is no foundation whatever to such reports, and the Government is determined to open the subscription lists, which will be filled this time, as the market is in an excellent frame of mind, and all the misgivings harbored about the Bank and its subscription last month have been removed. As we stated previously, numerous orders have been received from Europe to subscribe to the new Bank, and merchants here view the re-opening of the subscription with much favor. The probable cause of the fall in Patriotic Bonds to-day is the large supply of the stock from certain quarters; it is said that one of the private banks has sold half a million bonds. Prices for cash this morning opened at 61, fell to 60¼, and closed at 61.30. Internal Bonds of 1892 fell to 51.

Scrip of the Banco de Italia and Rio de la Plata continues firm at 25 for 40% paid up. La Plata Cedulas were much firmer all round: the closing rates were 30,40 for L and N, 30,20 for M, and 30.50 for O and P.

Owing to the departure of the mail exchange was at a standstill this morning. Discounts were lower; the Board of the Banco de la Nacion are thinking of reducing the rate of discount.

The following is a summary of the business effected in stocks and shares at the first ring to-day:—

The R. M. S. Magdalena cleared today. She took fifty thousand sovereigns. The most absurd reports were floated in the market yesterday and the day before; some parties spread the rumour that the Magdalena would take a consign

Central Produce Market in preference to the Sala of the Once. The Minister would have found the greatest support in the Camara Mercantil, where all the members are aware of the importance of the Genoa Exhibition; the very fact of the back-bone of the country being Italian immigration should have induced the Government to shew a little more foresight in the matter.

Messrs. T. S. Boadle & Co. are in receipt of a telegram dated Southampton, 9 a.m. this morning, reading: "S.s. Coleridge arrived" (making a passage of 21 days from Montevideo).

The following are the new Directors of the Provincial and Hypothecary Banks:

Banco de la Provincia—President, Félix Soriano. Directors—Guillermo Walker, Samuel Rosetti, Antonio Gil, José Bianchi, Tomas Santa Coloma, Emilio Obligado, Pedro Nocetti, Aureliano Bosch, José M. Ahumada, Felipe Harilaos, Jose M. Jorge, Ramon Muñoz, Alfredo Meabe, Felipe M. Botet, Dr. Juan J. Ezeiza.

Buenos Ayres Branch—Manager Mariano F. Marenco.

Banco Hipotecario—President, Sr. Raul Harilaos. Directors—Sres. Desiderio Davel, Eugenio Spont, Osvaldo Botet, Tristan Gomez, Felipe Mayol, Cándido Martinez, Pedro Benoit, Ricardo Fernandez.

Our La Plata reporter sends us the following interesting news:—

"From La Plata we learn that the current item of news is that next month a branch of the Banco de la Nacion will be opened there, arrangements having been made for renting the premises of Mr. Henry Thongnon's fine building facing the Plaza Legislatura.

"Much comment has also been raised by the realization of the following transactions in real estate in La Plata during the last few days:—

"The premises occupied by Mr. Jacob Peuser's 'libreria,' at the corner of 7th Avenue and 53rd Boulevard, and occupying some 250 square metres of land, have been purchased at public auction by Mr. Peuser at the high price of $70 per square metre. Seller, Mr. John Dillon of Montevideo.

"Mr. Cabral's house in 45th Street, between 8th and 9th streets, was, by order of the Judge of 1st Instance, sold at auction this week, with upset price of $10,000, and realized $17,500, the buyer being a son of Colonel Orma, President Pellegrini's side-de-camp.

"The magnificent five-storey building and land, alongside, corner of 7th Avenue and 50th Street, which Mr. Eugenio Maffeis, its late owner, was obliged by the crisis to leave half finished some three years ago, has been purchased by General Rudecindo Roca for $100,000, plus the gold mortgage in favor of the Banco Hipotecario, and it is understood that immediate steps will be taken to finish and extend the building, to give it a frontage to the railway station."

The returns of the Custom House today amounted to

Plaza Once Report:—

Once, May 13th 1892.

Notwithstanding the somewhat limited arrivals, wheat was not firmer this morning, in fact, showed rather a sign of weakness, and various lots of good 'barleta' and 'Frances' changed hands at $8.50 to $9.00. Some specially fine lots fetched up to $9.20 and $9.30, whilst inferior stuff was quoted from $8.00 to $8.50. Millers seemed in no hurry like generally towards the end of the week, and the day passed, therefore, very quietly and with few sales. Export still holds back for which rather devotes attention to maize, for which grain good news arrived from Europe. It, therefore, will not be surprising to find a further advance in the quotation of new yellow maize, for which during the first hours of the market up to $4.50 was asked. Sales of big lots were, however, not effected in the Once, since buyers only offered from $4.30 to $4.40. It appears, however, that to-morrow will see a further firmness, since exporters with new limits in hand can fully offer 20 cts. more than at the commencement of this week. 'Amarillo viejo sano' sold at $4.50, whilst last years' 'morocho' topped the market with $5.25, 5 to 10 cts. less being offered for this years' crop.

In linseed nothing has been done, and if European news for this ceed don't improve, no shipments are likely to be effected. The Santa Fé sale of 3000 bags to $3.80 (market price only $1.35 to 1.40) reported by *La Prensa*, must, therefore be put down as a mistake.

Good 'pasto' (pure alfalfa) sold as far at $36 and $38; in fact, prime hay always is in good demand, whilst inferior parcels did not even fetch their own outlay for freight. It is a pity that people should consign rubbish to this market, as they only spoil prices without doing themselves any good, as $10 to $15 per ton, which is the utmost that can be obtained, for inferior 'pasto' cannot reimburse the expense for freight and labor.

Only 1,100 bags of wheat and 3,200 bags of maize entered the Once this morning.

PHOSPHATIC
BAKING POWDER
BARON LIEBIG, the world-renowned chemist said, "I have though a great series of experiments, satisfied myself of the purity and excellence of your preparation. The bread has no acid, is easily digested, and of the best taste. Aside from the conveniences this invaluable idea of yours has provided, I consider this invention as one of the most useful gifts which science has made to mankind! It is certain that the nutritive value of the flour will be increased 10 per cent by your invention, and the result is precisely the same as if the fertility of our wheatfields had been increased by that amount.
What a wonderful result is this!"
